

DE-BLESSED RAHEEM VENTURES

Commodity Trading & Fertilizer Facilitation

ABOUT US

De-blessed Raheem Ventures is a specialized commodity facilitation company focused on bulk fertilizer supply, particularly Urea N46. We connect verified international suppliers with serious end-buyers and institutional clients across Africa and other markets. Our role is to structure secure, transparent, and professional transactions under protective agreements.

OUR CORE FOCUS

- Urea N46 (Agricultural Grade)
- Bulk supply from 25,000 MT and above
- Secure deal structuring under NCNDA and Fee Protection Agreements

WHY WORK WITH US

- Access to verified suppliers with real capacity
- Flexible payment terms including Documentary Letter of Credit (DLC)
- Strict KYC and compliance approach before any introduction
- Full protection of all parties through proper agreements
- Professional and confidential transaction handling

OUR APPROACH

We do not disclose supplier details until the necessary protective agreements (NCNDA and IMFPA) are signed. We prioritize long-term relationships built on trust, transparency, and successful deal execution.
