ABOUT US

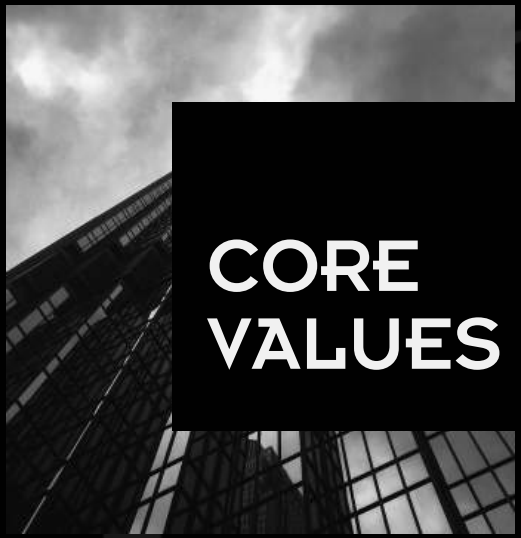

TBESAGRI – ELEVATING THE VALUE OF VIETNAMESE AGRICULTURE

Founded in 1995, TBES, a proud subsidiary of Tran Thanh Co., Ltd., made its initial mark as a trailblazer in Vietnam's coffee plantation sector. Driven by a vision of growth and innovation, in 2016, TBES embarked on a new journey, venturing into dry yeast production under the brand TBESBY – setting a new milestone in its diverse portfolio.

Expanding further, TBES strategically partnered with a shrimp processing facility to create the TBESFOOD brand, establishing its foothold in the seafood industry. As Vietnamese agricultural products gained prominence globally, TBES took bold steps to enter the high-quality agricultural sector, launching the TBESAGRI brand with a mission to bring the finest of Vietnam's produce to the world.

TBESAGRI is a symbol of excellence, integrating the entire value chain from premium sourcing to strict quality control and innovative production. Our offerings —fresh, dried, and frozen fruits—meet the highest international standards. With expert leadership and a dedication to quality, TBESAGRI is bringing Vietnam's finest agricultural products to the global stage, proudly showcasing the nation's rich agricultural heritage.
