1		Stitched Silhouettes Embroidery Wall Frame - Overlapping Silk Portraits Woven in Contrast and Color	5	T N F - D - 2 6 2 7 - STSL-0001-00011	31.00	36.00	1.80	Stitched Silhouettes Embroidery Wall Frame Hanging Home Decorative Frames Wall Decor Items for Living Room, Office, Bed Room Silk Threads on Felt with Glass, Acrylic Frame, Stand and Wall hanging compatible. Wall Art Frame Size Width 31.00 CM, Height 36.00 CM, Thickness of Frame 1.80 CM, Frame width 3.80 CM The Concept Behind the Felt and Silk Threads Our overlapping couple designs represent the invisible architecture of a relationship. The faces themselves are stitched entirely in stark, timeless black and white. This represents our core essence—our quiet truths, our vulnerabilities, and the deep, uncomplicated clarity we find when we truly see each other. The monochromatic lines capture the raw, unchanging geometry of identity. But love does not exist in a vacuum. It changes how we experience everything around us. Where the black-and-white silhouettes end, the world shifts. Vibrant, unexpected pops of color emerge in the surrounding spaces. These colorful accents represent the external world—the joy, the shared memories, the chaos, and the brilliant energy that ripples outward when two lives overlap. It is a visual metaphor for a beautiful truth: when we connect deeply with another soul, we bring color to the world around us. The Alchemy of Premium Materials To honor the depth of this meaning, we rejected ordinary materials. We paint with texture: Luminous Silk Thread: Hand-guided silk threads catch the light as you walk past the frame. They give the monochrome faces a soft, living shimmer, shifting subtly from day to night. Rich Matte Felt: The soft, substantial weight of premium felt grounding the artwork provides a dramatic tactile contrast. It absorbs the light, forcing the glossy silk lines to boldly leap forward. Modern Acrylic Enclosure: Enclosed behind crisp acrylic glass, the mixed-media elements are preserved like artifacts. The sleek, floating frame acts as a modern bridge between traditional, cozy needlework and high-end contemporary design. More Than Decor—A Living Focal Point When you hang a piece from Stitched Silhouettes on your wall, you are not just hanging a decoration. You are creating a sanctuary for contemplation. It is an artistic celebration of individuality, harmony, and the beautiful friction of two distinct lives woven into a singular, vibrant tapestry.	41.00	42.00	7.00	D	2.41	50.00
