Fortuna Emporos Indonesia

OUR SUPPLY & SOURCING NETWORK

We collaborate with trusted coconut oil manufacturing partners located in Semarang, Central Java,Indonesia. These manufacturing partners specialize in the production of Refined Bleached Deodorized Coconut Oil (RBD CNO) and Crude Coconut Oil (CCNO), with extensive experience in serving both domestic and international markets while maintaining high standards of quality and consistency.

Our manufacturing partners have significant production capabilities, with the Semarang facility has a production capacity of up to 5,000 metric tons per month for RBD Coconut Oil (RBD CNO) and Crude Coconut Oil (CCNO).

Through our established cooperation with these manufacturing partners, we are able to provide stable supply, consistent product quality, and reliable delivery to meet the requirements of our international customers.
