About Us.

Introduction

Vista Oil & Gas Holding V B.V. founded in 2017 is Amsterdam-based independent consulting firm specializing in the facilitation of oil and gas transactions. We serve as a trusted intermediary, connecting reputable buyers to our endless verified suppliers in the global petroleum products market.

With a strategic location in the heart of Europe's energy hub, Rotterdam. We leverage deep industry connections, market expertise, and a commitment to transparency to enable seamless, secure, and efficient deal sin refined petroleum products and petrochemicals.

Our focus lies on non-sanctioned origin products, ensuring compliance, reliability, and competitive pricing for our international clientele.

With a strategic location in the heart of Europe's energy hub, Rotterdam. We leverage deep industry connections, market expertise, and a commitment to transparency to enable seamless, secure, and efficient deals in refined petroleum products and petrochemicals. Our focus lies on non-sanctioned origin products, ensuring compliance, reliability, and competitive pricing for our international clientele.

Mission & Vision.

MISSION

To act as a reliable bridge in the global oil and gas market, delivering verifiable, high-quality solutions that optimize value for both sellers and buyers while upholding the highest standards of integrity, compliance, and professionalism.

VISION

To be recognized as the premier facilitator of energy transactions in Europe, fostering long-term partnerships built on trust, efficiency, and mutual success in an evolving global energy landscape.

SERVICES

We offer an integrated suite of facilitation services designed to execute and optimize complex energy transactions. Our role encompasses orchestrating connections between counterparties for both spot and long-term agreements, providing expert negotiation support to secure favorable terms, and ensuring meticulous transaction coordination. We further deliver strategic insights through dedicated market intelligence and pricing advisory, complemented by rigorous due diligence processes. Our advisory extends to comprehensive strategic consulting for energy sector investments, portfolio development, and acquisition opportunities.
